Electronic pillar mixer

Modell-Linie: F7 | F7EM1002 | 3600001259 | EAN/GTIN: 7612987600444
Taps | Electronic taps

Article Number

3600001259

F7E-Mix pillar mixer DN 15 for sanitary facilities, opto-electronically controlled. For connection to hot and cold water via hoses with integrated backflow preventers and strainers. Control electronics, solenoid valve and sensor in stainless steel housing, brushed surface, outlet height 245 mm and projection 180 mm. Stainless steel temperature lever with adjustable, turn-proof temperature stop. Angle-adjustable and anti-theft aerator with integrated flow regulator 5.7 l/min. Activated water hygiene flushing 24 hours after last activation, safety switch-off with continuous reflection and saving of statistical data. With option for parameterization and communication via optional bidirectional remote control or C module with the necessary app. Optionally for battery operation with battery compartment including 6 V lithium battery (CR-P2) per fitting, for installation below the washbasin, or for separate power supply via power supply unit 6.75 V/12 V DC or AQUA 3000 open system accessories.

Battery compartment including battery or power supply unit with extension cable must be ordered separately.

Technical Data

C-module	optional
with backflow preventer	true
compatible A3000 open	true
default automatic hygiene flus	24h after the last activity
depressurised	false
with filter	true
functional principle	electronic self-closing
hygiene flushing	true
diameter nominal	DN 15
inlet size	G 3/8
Locking mechanism	Top section, non-ceramic
material fitting	stainless steel
minimum flow pressure	1 bar
type of mixing	true
Parameterization	remote control
Pop-up waste set	false
power supply connection	6,75 / 12 V DC / A3000 open
position of power connection	from bottom
Type of power supply	other
with rosettes/cover plate	false
protective shutdown	true
