

ANTOL 80

PRODUCT DESCRIPTION

Odourless degreaser specific for use in parts cleaners with good dirt dissolving power.

FEATURES & BENEFITS

- Especially suitable as a degreaser and cleaner in open sinks for the removal of heavy industrial soiling such as grease, lubricants, tar, asphalt and bitumen.
- Easily cleans machine parts, sheet metal, filters and brushes.
- Absorbs about 5 times the volume of contamination (oil and grease).
- Flash point approximately 80°C.
- Not classified as ADR.

USAGE

Preferably, use undiluted. Suitable for immersion cleaning, manual cleaning and spray cleaning. Preferably, give the product time to work in. Then allow it to evaporate, wipe with a cloth or brush, or spray with water.

STORAGE

Keep package well closed, and store under cool but frost-free temperatures.

RECYCLING

Empty pack can be fully recycled. Dispose of through the correct channel.
